

This calligraphy piece is on the Secret Place. The Secret place is the place reserved for you and God. It is a hidden place. The Secret Place is a location where you can meet with God one-on-one. Psalm 91 versus 1 talks about the secret place, it reads, *He who dwells in the **secret place** of the Most High will abide under the shadow of the Almighty.*

In the secret place there is fullness of joy. There you can exchange the cares of this world for the fullness of joy in God's presence. In the secret place divine revelation, strategies, wisdom, and protection are found.

God is calling you to occupy, inhabit, and abide in His secret place so that you can live under His protective shadow and experience the fullness of His joy. Be blessed.
